

## How to Enable Empower Pop-ups (CHROME browser)

---

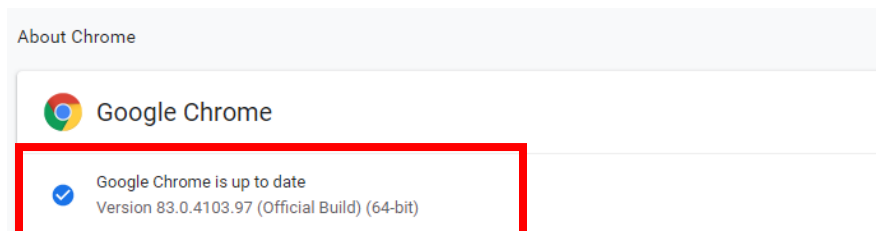

Note: Complete these steps for each computer/log in using Empower

First, ensure you are using the latest version of Chrome:

- Select the 3 dots to the right of the Google Chrome browser address bar.
- Hover over **Help** and select **About Google Chrome**

\*If you are not on the latest version, Chrome will update immediately and refresh the page

Step 1: Again, using Google Chrome, if not already, log into **Empower**

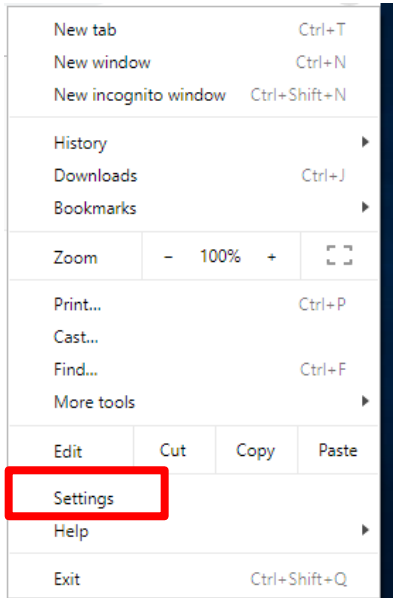

Step 2: If not on the home page, select the Empower logo to return to the home page.

Step 3: Copy (control-c or right click copy) the Empower URL located within the Chrome address bar

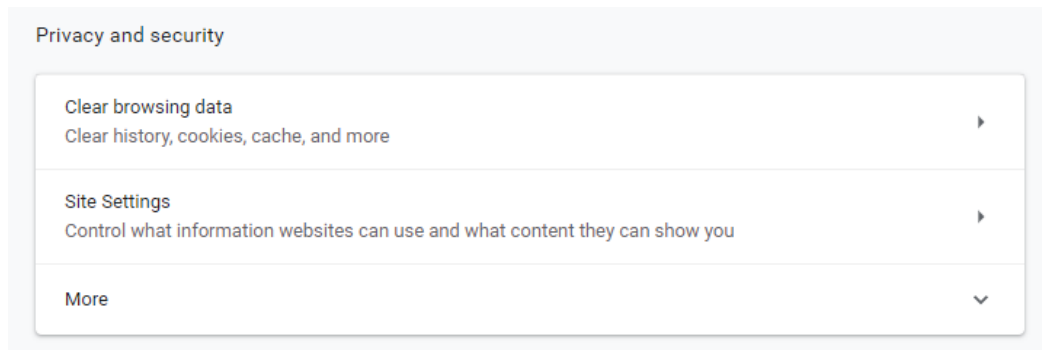

Step 4: Select the 3 dots to the right of your profile icon (within the Google Chrome address bar)

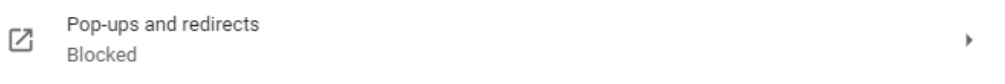

Step 5: Select **Settings** from the list of options

Step 6: Look for and select **Site Settings** found within the Privacy and Security section.

Step 7: Find and select **Pop-ups and redirects** from within Permissions

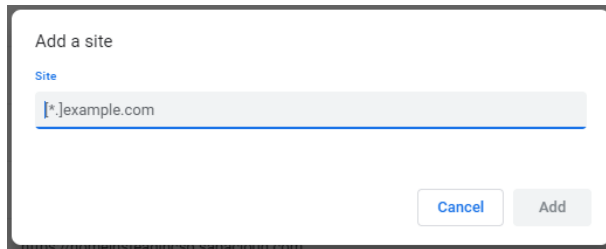

Step 8: Click the **Add** button next to **Allow**

Step 9: Paste the copied Empower URL into the **Add a site** 'site' box

Step 10: Click **Add**

Step 11: Close the **Settings** tab

Step 12: Review other **Empower Resources** found by selecting Help from the Empower home page.
